

Key Features

Curtains can transform a room and offer designer options and decorator colours that will add personality and style. Easily coordinated with Vista' s range of blinds and accessories.

- ▶ Motorisation option available
- ▶ Excellent insulation qualities for energy efficiency and sound absorption
- ▶ Custom-made to suit most windows

CURTAINS

Curtains are versatile, practical and beautiful, and Vista's exciting range of colours, designs and prints can create a look that complements or contrasts with your accessories and furnishings. From elegant and traditional, through to colourful and contemporary, you'll find the perfect curtain for any room in your home.

SIDE DRAPES & VALANCES

These perfect finishing touches are available in a wide range of fabrics and patterns. Add the elegance of Vista's side drapes to existing window coverings.

CURTAINS & PELMETS

With a huge range of fabrics & heading styles, a co-ordinated pelmet will complete the window decor to suit both traditional & modern homes.

SHUTTERS

Key Features

Perfectly suited to the Australian climate, shutters allow a free flow of air into your home, while providing privacy and protecting your furnishings and carpets from harsh sunlight.

- ▶ Available in durable and affordable Alycore Plus PVC
- ▶ Individually designed and custom-made
- ▶ Accommodate a variety of sizes and shapes including arches, hexagons, triangles, sunbursts, and irregular angles
- ▶ Allergy-free, low maintenance and impervious to damp conditions
- ▶ 20 year warranty

SHUTTERS

Vista's shutters are both beautiful and practical. They are an excellent way of controlling light, privacy and airflow, and can be custom-made to suit a wide selection of styles and shapes of windows and doors. The timeless appeal of classic white Alycore Plus PVC shutters will give your home a classic designer look. Ask your Vista consultant about our exclusive Alycore Plus Shutters that will stand the test of time!

SAFETRAK®

Vista takes its responsibility to child safety very seriously.

The loops of pull cords and chains of some window coverings can pose a potential hazard to young children, who may become entangled in them. Mandatory safety standards now apply to all corded internal blinds and curtains. A simple but effective safety measure is the installation of a tension device that is anchored to the wall or floor so that young children cannot play with cords or put them around their neck.

Vista's child-safe range

Vista's child-safe range includes the SafeTrak® wand system and motorised electric blinds, which all eliminate the need for cords and chains that may prove potentially dangerous. So when choosing your new blinds, make the choice for a safer environment for babies and young children, as well as for easy, practical control of light and privacy.

SAFETRAK® TRACKING SYSTEM

This single wand system, available on a range of Vista vertical blinds, gives you easy control over light and privacy levels and makes it safer around children and pets.

Key Features

Outdoor awnings allow you to use your outdoor areas all year round, effectively creating extra living space. They also protect your doorways and windows from hot sun and inclement weather.

- ▶ Protect your windows and outdoor living areas from the sun
- ▶ Rooms stay cooler, furnishings are protected
- ▶ Extra living space you can use year round
- ▶ Motorisation option available for some awning products.

OUTDOOR AWNINGS

Keep the harsh sun at bay with Vista's folding arm awnings, ideal for use over either windows or doors. From colourful plains or stunning stripes in quality acrylic canvas or sun screen fabrics – Vista has a huge range of designer fabrics to choose from. All of our easy-to-operate outdoor awnings are fitted with Vista's highest quality, toughened components to ensure a long lifespan.

ROMAN Blinds

Key Features

Roman blinds are a neat, elegant window option available in a selection of contemporary styles to suit any décor. Enjoy a clear view by day, and complete privacy at night.

- ▶ Excellent insulation for energy efficiency and sound absorption
- ▶ Custom-made to fit most windows
- ▶ Motorised option available

CALIFORNIAN ROMAN BLINDS

Fitted with decorative timber-like battens on the face of the fabric, Vista Californian Romans add that classic look with a dash of style.

KIMONO ROMAN Blinds

A modern interpretation of an ancient oriental style that brings a calm serenity to your living spaces. Available in bright and strong or soft and natural tones.

SORRENTO ROMAN Blinds

Sorrento is all about creating serene moods. A Roman blind with casual simplicity that fits easily into any setting.

VERTICAL Blinds

Key Features

Vertical blinds add height to any room, and are particularly popular with large windows and sliding doors. Enjoy control over light and privacy, with translucent, dim-out and room darkening fabrics.

- ▶ Child friendly SafeTra® system
- ▶ Jacquard textured fabrics with colour coordinated backing

VERTICAL BLINDS

Vertical blinds make a strong statement by adding an impression of height. Most fabrics are available in matching roller blinds and pelmets.

PANEL Blinds

A practical and stylish choice, offering a simple, natural look. The contemporary panels stack neatly to one or both sides, perfect as a screen for large windows or doors.

SHEERFOLD Blinds

Sheer fabric, draped over PVC vertical vanes combine the style of soft furnishing and functional practicality all in one product that finishes with an optional soft top pelmet.

ROLLER Blinds

Key Features

When it comes to function and affordability, the roller blind is streets ahead. So simple, yet the designer options are endless, with a huge range of colours and styles from light filtering to room darkening – or both.

- ▶ Optional sidewinder control chain system
- ▶ Motorisation option available
- ▶ Ideal for any room in the home including kitchens and bathrooms

MOTORISED ROLLER Blinds

A superb choice of bold, beautiful, plain or patterned blinds in a wide range of trims and finishes, with an optional sidewinder chain control system or electric roller motor.

DOUBLEVIEW Blinds

One sheer or translucent blind for soft diffused light; the other a blackout blind for total privacy and light control.

SHEERVIEW Blinds

This unique sheer sunscreen fabric diffuses light and reflects UV rays, maintaining your views and allowing you to see out by day, without being seen.

VENETIAN Blinds

Key Features

Timber, aluminium, fabric or Foamwood – there's a style of venetian blind to suit every budget, every style of home and every room, including kitchens and bathrooms. Popular and timeless, you can't go wrong.

- ▶ Can be customised to suit most size windows or doors
- ▶ Available in timber, aluminium, fabric or affordable Foamwood
- ▶ Increased control over light and privacy

VENTEX FABRIC VENETIAN Blinds

Made from soft, 100% polyester yarn, these blinds gently diffuse the light and soften the atmosphere in your home.

ALUMINIUM VENETIAN Blinds

Available in 25mm and 50mm. Vista's aluminium venetians are bold, sleek and contemporary. Smart controls mean adjusting light and privacy is easy.

PVC FOAMWOOD VENETIAN Blinds

An affordable way to enjoy stylish venetians and available in a selection of finishes.

TIMBER VENETIAN Blinds

Control privacy and light with Vista's venetian blinds to provide an extra degree of security.

CELLULAR Blinds

Key Features

Environmentally friendly, energy saving cellular blinds have unique insulation qualities that help maintain a constant room temperature and save money on heating and cooling bills.

- ▶ Custom-made
- ▶ Child-safe
- ▶ Light filtering or room darkening
- ▶ Cordless battery options available
- ▶ Available in single and double cells
- ▶ Unique air pockets for excellent insulation

DOUBLEVIEW CELLULAR Blinds

A doubleview cellular blind is built with the light filtering and room darkening honeycomb cells in one blind and is perfect for rooms where you want complete blackout privacy at night while still allowing the sun to shine through during the day. Unique honeycomb cell structure that traps air within the pockets to create layers of insulation in a stylish way to keep your home cooler in summer and warmer in winter.

ILLUSION SHADE Blinds

Key Features

These give a modern and sophisticated look to the room. Illusion Shade comes with an innovatively designed chain control that allows you to determine the level of light diffusion and horizontal panels that retract into its sleek cassette for a full view.

- ▶ Custom-made
- ▶ Wide range of colours
- ▶ Colour coordinated head box and cord

SHANGRI-LA SHADE Blinds

Key Features

A combination of traditional and modern looks, Shangri-La Shades let light in through translucent sheer fabric and soften the view outside.

- ▶ Custom-made
- ▶ Colour coordinated head box and cord

SOFITEL SHADE Blinds

Key Features

This ultra-modern and sleek blind is available in a wide range of fabric colours and comes with a coordinated hood and bottom rail. Choose from a wide range that match most decorative schemes to add a designer styled finish to your windows.

- ▶ Custom-made
- ▶ Excellent light filtering quality for bright open plan living
- ▶ Colour coordinated head box and cord

HARMONY Blinds

Key Features

Have control over your level of privacy and regulate the level of soft diffused light with Vista' s Harmony Shade

- ▶ Custom-made
- ▶ Colour coordinated head box and cord
